Victory Keys to Safety

Pre-Deployment Where We Are at Risk

Risk Management during Vehicle Operations

Risk Factors to be considered while "ON" and "OFF" duty :

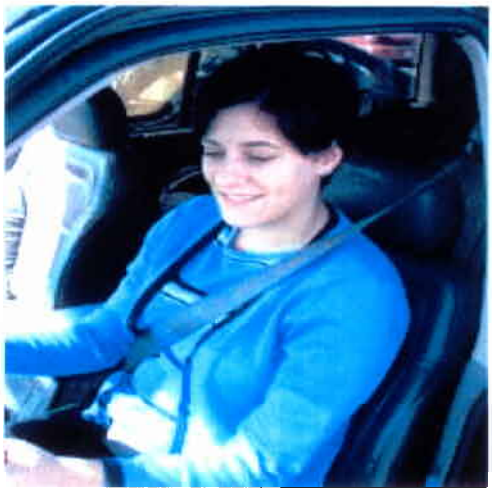
- Speed
- Seat Belt use
- Fatigue
- Driver Discipline
- Alcohol (Off-duty)

Risk Management during ON and OFF Duty Activities

Operations & Activities presenting hazards:

- Convoy operations
- NVG operations and training
- Rail operations
- Off-duty Leisure
- Sports

Speed Limitations



Always Wear Seat Belts

ALL Leaders, Soldiers and Civilians must take an active role in safety by ensuring Composite Risk Management principles are applied while on and off duty.
